2 CD SET - The format of this double CD is set to that of a musical journey and is split up into 2 separate CDs. Each CD represents a different musical journey. DISC 1 is called MYSTIC SUNRISE, and DISC 2 is entitled DARK CONTINENT.

DRUM LANGUAGE CONCEPT - Bruce explains: "Drumming by nature is a very primal expression, and it's a language mankind has been speaking for centuries. It has a universal meaning everyone can relate to, and it exists in almost every form of music. It's therapeutic for me to study the roots of this truly amazing musical instrument with DRUM DYNASTY."
